

## Exciting News for SupplyLogic Customers!

We at CDR view our relationship as a partnership. We strive to provide the best software solutions to help you manage your business. As our group of customers continues to grow, we are better able to provide further enhancements to SupplyLogic. We are asking you to help us with our business as we strive to help you. An important way that you can help is through our new customer referral program.

The 2014 SupplyLogic Customer Referral Program is an incentive-based program in which you provide us with a prospect and if we sign them as a new SupplyLogic customer, we provide you with credit for your license fees for a quarter. This is all you have to do - you provide us with the company name, the name of the contact person and a phone number. We will contact them and provide them with the information about SupplyLogic. If during the sales process they request a reference, all we ask is that they can call you and you tell them how you feel about SupplyLogic and CDR. In exchange, when they sign as a new SupplyLogic customer, you will be credited with one free quarter of licensing fees. That's one free quarter for each of your prospects that we sign! This program lasts through the end of 2014. As long as you give us the prospect information during 2014, if we complete the sale by June 30, 2015, you will receive credit.

Thank you for your time. I hope that you find this program to be a benefit to both of us. If you have any questions, please feel free to contact us at [SLSupport@CDRSoftware.com](mailto:SLSupport@CDRSoftware.com) or (985) 626-8408 extension 333.

Sincerely,

Lisa M. LaCour
